• Charge rationale for market-oriented pricing items:

1. Tariff of credit-related services is formulated based on cost of risk, administrative cost and reasonable profit, etc.

2. Tariff of other services is formulated based on the labor cost, system development and maintenance cost, communication charges and reasonable profit, etc.

Remarks:

1. The above tariff is stipulated by the Head Quarter of Hang Seng Bank (China) Limited. All branches / sub-branches could only impose the appropriate charges listed herein.
2. The above tariff should be charged according to the indicated currency. If payments are made in other currency, the equivalent in such other currency will be calculated at an exchange rate quoted by the Bank based on market price.
3. Services and charges listed herein are subject to change in accordance with the rules and regulations and/or directives issued by regulatory authorities.
4. The Chinese version shall apply and prevail in case of discrepancies between English and Chinese versions.
5. For charge items listed with the "Maximum Charge" in Part 6 "Trade Services", due to different factors such as Region/Country Risk, Complexity of Documents and etc., the "Maximum Charge" of some customers is USD9000/equivalent or CNY60000/equivalent.(Not applicable to small and micro entities)
